## **"Other" suggestions as to how we could improve our 'school holiday programme'**

"I can't think of anything as you already offer my son so many amazing opportunities."

"Would really welcome activities for the expanding group of older "children", e.g. 19~20's who really enjoy being together with their mates in supported in a safe environment."

"Maybe 5 days & weekends can't get enough of Y Submarine, they are the best & the people they employ are fantastic as they treat the youngsters as one of them & not a tutor/child relationship. The youngsters feel free to express themselves in the knowledge that they are well cared for too. Can't sing their praises enough! The only thing that has ever worked for my daughter."

"I really think you have it right. It's important that J gets the opportunity to have fun whilst building his confidence and social skills. The residentials are brilliant too. Yellow Sub is very important to J"

"I think it is varied and imaginative. I love the fact that these young people sometimes do things out of their comfort zone"

"lunch time /picnic visits - cafes  
night at the museum/hub...."

"I think the school holiday programme is excellent. The only issue we have is that we both work full-time and it takes 45 minutes to get to Witney, so this is typically 3 hours out of our 'flexible' working day to take D and pick him up. Will be easier when my husband retires next year!"

"R is about to be too old as he is 19 soon. We will greatly miss the school holiday programme. When he was younger I would have loved some Saturday days on similar lines."

"No. Again you are offering so much variety and it's great that it's be same programme for each holiday (accept exploring days I guess!) because so many of the young children especially my daughter really like to know where they are going to be based and which staff they will be seeing."

"School holiday programme is great but the big gap is any regular weekend provision as this is when our children have no opportunities to do anything outside the home or without their family"
